and
1 part dish soap

ANTI-BAC SPRAY

1 cup of water
and
10 drops of Eucalyptus
and
10 drops of Tea tree
and
10 drops of peppermint

TIPS

Best to clean
when there is no
direct sunlight.

Boil and cool
water, voila
distilled water!

Try grapefruit or
lemongrass oil for
an invigorating
fresh scent.

Spray in tub or
on glass doors,
let it sit for 15 min.

Scrub and rinse.

Spray down your
shower after you
shower, it will
smell great and
slow the growth
of bacteria.

CAUTION

Vinegar
damages
granite, marble
and other stone.

Don't use on
wood, it has a
drying effect.

Vinegar +
Bleach= Toxic
Chlorine Bleach
which is very
DANGEROUS!

It smells good!
Don't go crazy,
it's not a neti
pot.

LIVE A LITTLE

Spray on a
microfiber cloth
and clean your
flat screen TV.

Use on stainless
steel since it's
already in you
hand.

Dealing with
serious soap
scum: after you
spray throw on
baking soda.
Crazy!

Spray your
toothbrush with
it too.
